Council Vision

We work with the people of Westland to grow and protect our communities, our economy and our unique natural environment.

Purpose

The Council is required to give effect to the purpose of local government as prescribed by section 10 of the Local Government Act 2002. That purpose is:

- (a) To enable democratic local decision-making and action by, and on behalf of, communities; and
- (b) To promote the social, economic, environmental, and cultural well-being of communities in the present and for the future.

1. **NGĀ WHAKAPAAHA APOLOGIES**

His Worship the Mayor
Cr Keogan

2. **WHAKAPUAKITANGA WHAIPĀNGA DECLARATIONS OF INTEREST**

Members need to stand aside from decision-making when a conflict arises between their role as a Member of the Council and any private or other external interest they might have. This note is provided as a reminder to Members to review the matters on the agenda and assess and identify where they may have a pecuniary or other conflict of interest, or where there may be a perception of a conflict of interest.

If a member feels they do have a conflict of interest, they should publicly declare that at the start of the meeting or of the relevant item of business and refrain from participating in the discussion or voting on that item. If a member thinks they may have a conflict of interest, they can seek advice from the Chief Executive or the Group Manager: Corporate Services (preferably before the meeting). It is noted that while members can seek advice the final decision as to whether a conflict exists rests with the member.

3. **PŪRONGO KAIMAHI STAFF REPORTS**

- **Adoption of the Annual Plan 2022 / 2023** (Pages 3-61)
- **Adoption of Rates Resolution 2022 / 2023** (Pages 62-71)

**DATE OF ORDINARY COUNCIL MEETING – 28 JULY 2022
COUNCIL CHAMBERS, 36 WELD STREET, HOKITIKA AND VIA ZOOM**

Report to Council

DATE: 30 June 2022
TO: Mayor and Councillors
FROM: Strategy and Communications Advisor

Adoption of the Annual Plan 2022/2023

1. Summary

- 1.1. The purpose of this report is to present the final draft Annual Plan 2022/2023 (Annual Plan) for adoption.
- 1.2. This issue arises from the necessity to adopt an Annual Plan in years 2 and 3 of the Long Term Plan 2021 – 2031 (LTP).
- 1.3. Council seeks to meet its obligations under the Local Government Act 2002 and the achievement of the District Vision adopted by the Council in June 2021, which are set out in the Long Term Plan 2021 - 2031. Refer page 2 of the agenda.
- 1.4. This report concludes by recommending that Council adopt the final Annual Plan 2022/2023 and make it available to the public.

2. Background

- 2.1. The reason the report has come before the Council is due to the requirement under s 95 Local Government Act (LGA) for a local authority to prepare and adopt an annual plan for each financial year, and adopt the plan prior to the commencement of the year to which it relates.
- 2.2. Council adopted the draft Annual Plan on 5 May 2022 and undertook public feedback from 6 May – 6 June 2022. The feedback was heard and received at a meeting on 14 June and elected members made the following amendments to the draft plan:
 - 2.2.1. Operational expenses and income:
 - 2.2.1.1. Rates increase for year 2022/2023 to be reduced to 6.9% in line with inflation.
 - 2.2.1.2. Staffing has been reduced and any future new roles to come to council for approval.
 - 2.2.1.3. Fees and Charges to be increased in line with operational costs and inflation.
 - 2.2.1.4. Community engagement to be improved by realigning of existing Council resources.
 - 2.2.1.5. Commit to ongoing maintenance of Stafford Cemetery.
 - 2.2.1.6. Provide electricity and gas to the Ross Rugby Reserve.
 - 2.2.1.7. Museum to be retained within Council and funding has been reviewed to achieve savings.
 - 2.2.1.8. Tourism rate to be increased by \$13,000 to support Glacier Country Development.
 - 2.2.2. Capital expenses
 - 2.2.2.1. Otira toilet to be reinstated, subject to a satisfactory MOU with the Otira Community.

- 2.2.2.2. Provide funding for half basketball court in Cass Square as part of playground redevelopment.
- 2.2.2.3. Budget for Pakiwaitara building earthquake strengthening reduced to \$450,000
- 2.2.2.4. Pakiwaitara building fitout to be deferred.
- 2.2.2.5. Jackson Bay Wharf upgrade to be deferred.
- 2.2.2.6. Museum Archives upgrade spread over years 2 and 3 of the LTP.
- 2.2.2.7. Reduce the budget for strengthening the Council Headquarters to \$250,000 in year 2.
- 2.2.2.8. Cass Square skatepark work deferred to year 3.
- 2.2.2.9. Further work on the Hokitika Swimming pool deferred.
- 2.2.2.10. Mahinapua boardwalk and bridges deferred.
- 2.2.2.11. Apply for \$500,000 funding through the 'Better Off' Three Waters funding to complete the Cass Square pavilion.
- 2.2.2.12. Gibson Quay public toilets upgrade to be deferred.

3. Current Situation

- 3.1. The current situation is that the draft Annual Plan has been amended to account for the changes requested by the elected members. The final rates increase is 6.9%.
- 3.2. The final draft Annual Plan corresponds to year 2 of the LTP and is attached as **appendix 1**. It is prepared in accordance with Part 2 of Schedule 10 of the LGA.
- 3.3. The Annual Plan must be adopted by 30 June to meet the legislative requirements in s 95 LGA.

4. Options

- 4.1. Option 1: Do nothing.
- 4.2. Option 2: Instruct the Chief Executive to make further amendments to the Annual Plan.
- 4.3. Option 3: Adopted the final draft Annual Plan that is attached as **appendix 1**.

5. Risk Analysis

- 5.1. Risk has been considered and the following risks have been identified:
 - 5.1.1. Legal risk – If the Annual Plan is not adopted by 30 June Council will not meet the legal requirements of the LGA.
 - 5.1.2. Financial risk – If Council does not adopt the Annual Plan then Council is unable to strike the rates for the 2022/2023 year.
 - 5.1.3. Reputational risk – Council could be seen to be unable to make decisions and meet their obligations by the public.

6. Health and Safety

- 6.1. Health and Safety has been considered and the following items have been identified:
 - 6.1.1. Staff health and wellbeing could be compromised due to the stress of further revisions to the Annual Plan if material changes are required.

7. Significance and Engagement

- 7.1. The level of significance has been assessed as being low. The adoption of the Annual Plan is administrative.

7.2. Amendments have been made to the draft Annual Plan in response to community engagement and the direction of Elected Members.

8. Assessment of Options (including Financial Considerations)

8.1. Option 1 – It is a statutory requirement to adopt an Annual Plan by 30 June. The community expects Council to adopt the plan with the amendments that have been communicated to the public.

8.1.1. The following financial implications have been identified:

8.1.1.1. Council cannot strike the rates without a current Annual Plan.

8.2. Option 2 – If Elected Members request further amendments this would delay the adoption. If the amendments were material further engagement with the community would be required.

8.2.1. The following financial implications have been identified:

8.2.1.1. Council cannot strike the rates without a current Annual Plan. Significant delay could seriously compromise and disrupt cash flows for both Council and ratepayers.

8.3. Option 3 – Adopting the final draft Annual Plan allows Council to fulfil its objectives and fund activities.

8.3.1. The following financial implications have been identified:

8.3.1.1. Council can strike the rates for the 2022/2023 year.

9. Preferred Option(s) and Reasons

9.1. The preferred option is Option 3

9.2. The reason that Option 3 has been identified as the preferred option is that it enables Council to meet its statutory requirements. Adopting the final draft Annual Plan demonstrates Council's commitment to take community feedback into account while still maintaining sound fiscal stewardship.

10. Recommendation(s)

10.1. That the report be received.

10.2. That Council adopt the final Annual Plan 2022/2023

10.3. That Council makes the final Annual Plan 2022/2023 available to the public.

TE KAHUI O POUTINI WESTLAND DISTRICT COUNCIL ANNUAL PLAN 2022/2023

Tena Koutou

As we write this message, we are pleased to say that there is light at the end of the tunnel for Westland ratepayers and the rest of New Zealand as we enter what is hopefully a time of reset and recovery. The last two years have been challenging for everyone. We are thankful to re-enter the world with a 'new and improved' Westland.

Westland District Council used the past two years to improve and develop some of our assets with funding for Covid-19 recovery. Some of these projects were foreshadowed in earlier Long Term Plans. However, it would have been impossible to achieve them in such a short time frame and without cost to the ratepayer without additional funding. These improvements will make a difference to the community and the economy for years to come.

This document outlines the changes to our workplan and costs that the Council has budgeted for the second year of the Long Term Plan 2021-2031 (LTP). When Council developed the LTP, we were aware that there would be challenges meeting project deadlines. Lockdowns and the outbreak of the Omicron variant of Covid-19 reduced work capacity, and there continue to be supply chain issues. The large increase in the cost of living was unforeseen.

In reviewing the workplan, Council aims to keep rates and costs as affordable as possible while still providing the services requested by the community and those required by the central Government.

As the Council indicated in our LTP, uncertainties existed around the three waters infrastructure and the central Government's regulation of these activities. Council now has more certainty about the central Government's expectations; these are reflected in this Annual Plan.

When we consulted on the LTP in 2021 we advised ratepayers that the first three years of rate increases would be above the rates limit, reducing from year four. This remains the case but we have made adjustments to our current budgets to reduce the increase to almost half what we projected in the Long Term Plan for year 2. Council cannot provide high-quality services and meet the challenges of reforms without this funding. The situation has not changed and Council continues to face further reforms and cost increases. In light of this, we will take any opportunity to secure external funding wherever the Council is eligible.

DRAFT

Council's Strategic Direction

Westland District Council Vision

We work with the people of Westland to grow and protect our communities, our economy and our unique natural environment.

COMMITMENT TO WORKING WITH MANA WHENUA

Westland District Council is committed to Maori contribution to decision-making processes with special regard to the views of mana whenua of the Westland District; namely Poutini Ngāi Tahu (Te Rūnanga o Makaawhio and Te Rūnanga o Ngāti Waewae). This is set out in our Long Term Plan.

Community Outcomes

In the Long Term Plan, Council adopted a set of community outcomes that along with our Vision and Strategic Priorities guide our strategic direction.

Westland District has...

- A Diverse Economy
- A Sustainably Managed Environment
- Resilient Communities

You can find out more on [p 46](#) of our Long Term Plan.

Strategic Priorities

- Elderly Housing Strategy
- West Coast Wilderness Trail
- Waste Minimisation and Management Plan

In conjunction with Grey, Buller and the West Coast Regional Councils' we are developing the 'Te Tai o Poutini One District Plan'. This document will replace each Council's individual District Plan and will be the first to use the new national guidelines.

We will ensure that our strategy for Resource Management aligns with the outcomes of the Resource Management Act review.

The Planning Cycle and the Annual Plan

The Annual Plan and changes to the Long Term Plan

This year we are proposing to increase the rates 6.9%, which is less than the 12.5% increase indicated in the LTP. However, to do this in the short-term we are smoothing any rates increase into years 4 and 5, where the indicated increase was below our rates limit. Council cannot take this approach every year; smoothing rates is not a sustainable measure in the long-term. Eventually Council would be required to take out further loan funding for operational expenditure. According to our Revenue and Financing Policy, we can do this in exceptional circumstances but it is not the preferred method of funding operations. If we continue to apply smoothing processes, we also risk non-compliance with Local Government Funding Agency (LGFA) covenants, which would either preclude Council from borrowing from the LGFA or a review of Councils LGFA loans.

Council has reviewed the assumptions that we made in developing the Long Term Plan against the challenges that Council and the rest of the country are experiencing. Against this backdrop we have assumed that Council: will continue to deliver services at the same, if not better, level; discretionary funding will continue to be available; most ratepayers will be able to pay their rates. We have also reviewed the proposed projects and made changes to the budgets or moved projects into later years for further consideration or to seek further external funding.

The changes in this plan are a response to the current operational environment. A rapid rise in inflation means that it costs us more to undertake our day-to-day activities. Supply chain restrictions and staff shortages due to Covid-19 isolation rules are increasing project delivery times and costs to significantly more than original budgets. There is a shortage of skilled and experienced staff available for specific activities. Council must provide attractive remuneration to recruit the right people.

We now have a better understanding of some of the expectations from the Government's review of Three Waters. The budget for Drinking Water has been amended to accommodate these requirements. Based on our user-pays policy and increasing cost pressures, the fees and charges have been reviewed in full and increased in line with inflation, to accurately reflect the cost of provision, or create consistency across activities.

Summary of Key Changes

Responding to 3 waters regulation

In November 2021 the new water regulator Taumata Arowai took over responsibility for regulating 3 waters from the Ministry of Health. This forms part of the Government's overall review of Three Waters. In January 2022 Taumata Arowai started the consultation on a set of new draft drinking water quality regulations. Following a review of the feedback the new regulations will come into force in July 2022.

The new regulations mean that Council will need to spend additional money on new water monitoring equipment and treatment systems across Council's nine drinking water treatment plants. There will also be an increase in operational costs for chemicals and additional testing. We have made provision within the annual plan to budget for the necessary changes required to comply with the new regulations.

Operational Cost	\$	Capital Cost	\$
Drinking Water Monitoring	+ \$11,500	Monitoring Equipment	+ \$900,000
Drinking Water Repairs and Maintenance	+ \$138,000	Chlorination	+ \$125,000

The proposed establishment of the four governance entities does not impact on the 2022/2023 budget. Council does not support the reform but needs to consider how it could impact on our services in the long-term.

The Government has offered 'better off' funding to Councils when the governance entities are established. The Department of Internal Affairs released the criteria for funding in early April 2022. However as we do not know how our membership of the Communities for Local Democracy lobby group impacts any applications, this funding has not been considered in this budget.

Review of Fees and Charges

Many of the services and activities that we carry out benefit the whole district or particular communities and are charged for in general or community rates. However, some services or activities only benefit individual customers, for example building consents. In this case, we apply a fee or charge based on a user-pays approach. Setting fees and charges this way ensures a fair distribution of cost and keeps rates increases to a minimum as far as possible.

Based on this and the increasing cost pressures that we are facing, we have reviewed the fees and charges and many have increased in line with inflation at 6.9%. A full list is available on pp 36 – 53.

Changes in day-to-day revenue and expenses

Key changes* to day-to-day Council activities that impact on the budget and have a direct impact on rates include:

	All of Council Expenses		Specific Activities
- \$111,093	Interest – in the current year we are taking out fewer loans than forecast, which reduces the value that we are paying interest against, however this is somewhat offset by interest rates that are higher than forecast.	+ \$36,219	Parks and Reserves – Increased budget to undertake increased maintenance and beautification in the Hokitika area requested by elected members. New facilities in Kumara also require a greater level of maintenance.
+ \$30,583	Insurance - the cost of insurance premiums has gone up an average of 7.64% across Council activities. Council negotiates the best insurance rates possible but must carry insurance.	+\$18,316	West Coast Wilderness Trail – with increased use there are increasing maintenance costs. The cost of the management contract has also increased.
\$4,410,780	Revenue – Along with increased revenue from updating our fees and charges, we have also budgeted for increased revenue from lease income, rates penalties and trade waste. However, this is offset by lower revenue at the Franz Josef Landfill due to reduced tourism. We have also budgeted for increased grant revenue for public toilets.	+ \$86,612	Township Development – increasing township maintenance across the district including berm mowing, and kerb and crossing upgrades in Franz Josef.
		+\$219,213[^]	Drinking Water – Increased costs for electricity at treatment plants and increased cost of maintenance contracts. <i>[^]Includes costs to meet the new regulations outlined above.</i>
+ \$101,930	Remuneration – the budget for salaries and wages has increased to fund more staff to get our projects completed and to recruit and retain skilled and experienced staff in a highly competitive market.	+ \$43,987	Wastewater - condition assessments of the wastewater assets are being undertaken to improve Council's understanding of the state of the assets so that we can improve the way we plan for maintenance.
+ \$341,931	Repairs & Maintenance – total costs across all activity groups have increased.	+ \$48,574	Stormwater – Ageing assets require more maintenance along with rising cost for materials.
+ 68,715	Software Licences – there are additional software licences required to continue to provide current levels of service.

Financial Summary

Total Expenditure

This graph shows what Council forecasts spending in operating expenditure for the day-to-day running of Council services and activities during the year (less internal overheads).

Total Revenue

Expenditure is paid for from a mix of rates, fees, interest and dividends on Council's investments, and external sources such as financial assistance from Government agencies (e.g. NZTA). The graph shows where forecast Revenue will come from in 2022/2023. These figures exclude rates remissions, write-offs and discounts, which are not included in the final comprehensive revenue and expenditure.

Other Key Forecast Numbers:

Borrowings:	\$35,759,064	Operating Revenue	\$33,895,454
Reserve Funds:	\$255,759,793	Operating Expenditure	\$29,451,856
Grants and Subsidies:	\$11,291,312	Capital Expenditure	\$25,521,912

Full details of Council's financial forecasts and statements for 2022/2023 can be found on pp 15 - 35.

Planned capital expenditure for 2022/2023

The list below represents the major projects and variances planned for the Annual Plan 2022/2023, based on and as adjusted from the LTP 2021-2031. The total figure represents all planned capital expenditure for that activity in 2022/2023.

Leadership

Activity Group	Project	LTP Y2	Annual Plan 2022/2023
Leadership	Council HQ – I-SITE fitout	-	\$60,920
Leadership	Council HQ Earthquake Strengthening	\$768,000	\$250,000

Corporate Services	IT - Offsite replication	\$40,960	\$40,960
All projects total		\$1,630,208	\$ 1,978,218

- Funding for the fit-out of the i-SITE has been carried forward from the 2021/2022 year.
- Funding to strengthen the Council Headquarters has been reduced by \$518,000.
- \$773,488 carried forward from the 2021/2022 year for the Emergency Operations Centre.
- Offsite replication is important to ensure Council's services can continue to function in the event of a natural disaster or any event that would make our current environment inoperable. Copies of the software currently on our servers are hosted remotely in a secure environment.

Community Development

Activity group	Project	LTP Y2	Annual Plan 2022/2023
Township Development	Franz Josef Urban Revitalisation Plan	-	\$200,000

All projects total		\$7,605,248	\$8,435,755

*Includes carryovers of \$5,068,247 from the 2021/2022 year.

Maintenance and improvements to the district's facilities and leisure services are a major focus for elected members in the 2022/2023 year. Proposed changes include:

- Increased funding to develop a new lower level site at Ross cemetery.
- Improved infrastructure to support development at the Hokitika Industrial Heritage Park, this includes wastewater and lighting infrastructure.
- Infrastructure signage to promote the Westland District.
- The budget for the Hokitika Racecourse improvements has been split into specified projects.
- A portion of the budget for the Carnegie building fit-out has been redirected to a project for Digitally Interactive displays. Work on the Cass Square playground and skate park has been delayed until the 2022/2023 year to complete design work and apply for external funding, which will offset pressure on future rates. Installation work could be done over winter / spring 2023 when facility usage is lower.
- The overall increase for the Westland Wilderness Trail is \$139,000 as the Wainihinihi wet weather route is offset by the deferral of \$218,000 of project costs for the Mahinapua bridges.

Land Transport

Harihari water mains replacement^	-	\$174,942
All Projects Total	\$194,560	\$2,332,582

*Includes projects to meet the new Drinking Water Standards as outlined on p7.

^Includes carryovers of \$1,143,742 from the 2021/2022 year.

The overall project budget for this year otherwise remains unchanged from the LTP.

Stormwater

Project	LTP Y2	Annual Plan 2022/2023
Beach Street SW realignment*	-	\$300,000
Jollie Street extension*	-	\$100,000
Livingstone Street pump upgrade	-	\$950,331
Sewell Street pump upgrade	-	\$100,000
Hokitika Stormwater Mains Replacement	\$161,178	\$161,178
Bealey Street Pump upgrade	\$20,480	\$20,480
Kaniere Road Network	\$122,880	\$122,880
All Projects Total	\$314,778	\$1,765,109

*Includes carryover of \$1,450,331 from the 2021/2022 year.

Wastewater

Project	LTP Y2	Annual Plan 2022/2023
Hokitika Wastewater Treatment Plant upgrade	-	\$1,130,604
Hokitika WWTP treatment and disposal	\$3,072,000	\$3,072,000
Hokitika outfall structure	-	\$1,879,887
Hokitika Wastewater Z Line replacement	\$115,539	\$302,381
Hokitika Wastewater reticulation CCTV	-	\$20,000
WWTP improvements at Fox Glacier	-	\$64,253
All Projects Total	\$3,218,259	\$6,499,845

- Includes carryover of \$3,177,125 from the 2021/2022 year associated with the Hokitika Wastewater Treatment Plant project to implement an environmentally and culturally sensitive solution, Wastewater Treatment Plant improvements and Fox Glacier and Hokitika Z-line replacement.
- Hokitika Wastewater Z-Line replacement requires increased capital as quotes for work are substantially higher than when first budgeted. The risk involved in doing the work are higher due to the work being done within property boundaries.
- Additional funding is required to complete asset condition work using CCTV as noted by our Auditors during the LTP process.

Solid Waste

Project	LTP Y2	Annual Plan 2022/2023
Butlers Landfill – Intermediate capping*	-	\$50,000
Butlers new cell / Franz Josef waste management*	-	\$199,603
Glass crusher/waste minimization equipment – Hokitika	-	\$100,000
Haast Landfill – capping*	-	\$15,000
Haast Transfer Station Development	-	\$100,000
Emissions Trading – Carbon Credits	-	\$200,000
All Projects Total	\$51,200	\$725,803

*Includes carryover of \$464,603 from the 2021/2022 year.

- Council purchases carbon credits to offset carbon emissions from our landfills. Quantities of Carbon Credits are pre-purchased and held as an intangible asset. These credits are then available to trade, offsetting future costs.

Annual Plan Disclosure Statement for the year ending 30 June 2023

What is the purpose of this statement?

The purpose of this statement is to disclose the council's planned financial performance in relation to various benchmarks, to enable the assessment of whether the council is prudently managing its revenues, expenses, assets, liabilities, and general financial dealings. Council is required to include this statement in its annual plan in accordance with the Local Government (Financial Reporting and Prudence) Regulations 2014. Refer to the regulations for more information, including definitions of some of the terms used in this statement.

Benchmark	Limit	Planned	Met
Rates (income) affordability benchmark	\$33,823,293	\$19,482,762	Yes
Rates (increase) affordability benchmark	5%	6.9%	No
Debt affordability benchmark	\$59,317,045	\$32,,497,995	Yes
Balanced budget benchmark	100%	114.6%	Yes
Essential services benchmark	100%	248.4%	Yes
Debt servicing benchmark	10%	2.9%	Yes

Notes

1 RATES (INCOME) AFFORDABILITY BENCHMARK

For this benchmark, the council's planned rates income for the year is compared with a quantified limit on rates contained in the financial strategy included in the council's long-term plan. The council meets the rates (income) affordability benchmark if its planned rates income for the year equals or is less than each quantified limit on rates

2 RATES (INCREASE) AFFORDABILITY BENCHMARK

For this benchmark, the council's planned rates increases for the year are compared with a quantified limit on rates increases for the year contained in the financial strategy included in the council's long-term plan. The council meets the rates affordability benchmark if it's planned rates increases for the year equal or are less than each quantified limit on rates increases.

3 DEBT AFFORDABILITY BENCHMARK

For this benchmark, the council's planned borrowing is compared with a quantified limit on borrowing contained in the financial strategy included in the council's long-term plan. The council meets the debt affordability benchmark if its planned borrowing is within each quantified limit on borrowing.

Council meets this benchmark in the Plan, but because interest rates are very low the limit is high. Increases will reduce this limit. This limit does not reflect Local Government Funding Agency limits, which are much lower.

4 BALANCED BUDGET BENCHMARK

For this benchmark, the council's planned revenue (excluding development contributions, vested assets, financial contributions, gains on derivative financial instruments, and revaluations of property, plant, or equipment) is presented as a proportion of its planned operating expenses (excluding losses on derivative financial instruments and revaluations of property, plant, or equipment). The council meets the balanced budget benchmark if its revenue equals or is greater than its operating expenses.

5 ESSENTIAL SERVICES BENCHMARK

For this benchmark, the council's planned capital expenditure on network services is presented as a proportion of expected depreciation on network services. The council meets the essential services benchmark if its planned capital expenditure on network services equals or is greater than expected depreciation on network services.

6 DEBT SERVICING BENCHMARK

For this benchmark, the council's planned borrowing costs are presented as a proportion of planned revenue (excluding development contributions, financial contributions, vested assets, gains on derivative financial instruments, and revaluations of property, plant, or equipment). Because Statistics New Zealand projects that the council's population will grow slower than the national population growth rate, it meets the debt servicing benchmark if its planned borrowing costs equal or are less than 10% of its planned revenue.

SALE AND SUPPLY OF ALCOHOL

On, Off or Club Licence

Applications and renewals for On, Off or Club Licence are assessed using a cost / risk rating system. The cost / risk rating of the premises is the sum of the highest applicable weighting for the type of premises and type of licence, the hours of operation and any enforcement holdings in the last 18 months.

Cost/risk rating	Fees category	Application fee \$ incl GST	Annual fee \$ incl GST
0-2	Very low	\$368	\$161
3-5	Low	\$609.50	\$391

Statement of Cash Flows

The cash effect of transactions. Broken down into operating, investing and financial activities.

Statement of Comprehensive Revenue and Expense

Also known as the Profit and Loss Statement, Income Statement or Operating Statement. Shows the financial results of Council activities at the end of each period, either as surplus or deficit. Does not include asset purchases or disposals.

Statement of Financial Position

Also known as the Balance Sheet. The financial state of affairs at a particular time.

Stormwater

Water that is discharged during rain and run-off from hard surfaces.

Subsidies

Amounts received from other agencies for the provision of services.

Targeted Rates

A rate that is for users of a specific service, rather than a general rate. For example, water use.

Transfer to/from Reserves

Transfer of funds to reserves are generally surpluses on operations. Transfers from reserves assist to fund capital expenditure.

Uniform Annual General Charge (UAGC)

A portion of the general rate collected for each property. All properties receive equal benefit for services regardless of the rateable value. For example, libraries.

User Charges

Charges levied for the use of Council services, for example Building Consent fees.

Wastewater

Waste products from homes and businesses.

Working Capital

Net current assets held in cash or readily converted to cash, less liabilities due for payment within a year. This is indicative of Council's abilities to meet its obligations as they become due.

Report to Council

DATE: 30 June 2022
TO: Mayor and Councillors
FROM: Group Manager, Corporate Services

Rates Resolution 2022-23

1. Summary

- 1.1. The purpose of this report is to set the rates for the year ended 30 June 2023.
- 1.2. This issue arises as a result of the consultation on the Annual Plan 2022-23, Council's Revenue and Financing Policy, and the requirements of the Local Government (Rating) Act 2002 (LGRA).
- 1.3. Council seeks to meet its obligations under the Local Government Act 2002 and the achievement of the District Vision adopted by the Council in June 2021, which are set out in the Long Term Plan 2021 - 31. Refer page 2 of the agenda.
- 1.4. This report concludes by recommending that Council Adopts all of the rates described and quantified in the Rates Resolution in **Appendix 1**, and instructs the Chief Executive to strike the rates for the year ended 30 June 2023 in accordance with the Annual Plan 2022-23.

2. Background

- 2.1. Section 23 LGRA requires that rates must be set by resolution and in accordance with the relevant provisions of the local authority's Long Term Plan and Funding Impact Statement for the relevant financial year.

3. Current Situation

- 3.1. Council's forecast revenue excluding gains and internal recharges for 2022-23 is \$33,895,499. Of this 56.72% is derived from rates, which is within the parameters prescribed by the Revenue and Financing Policy.
- 3.2. The rate types and descriptions contained in the resolution tables, reflect the decisions of Council following consultation on the Annual Plan 2022-31.
- 3.3. The distribution of rates and factors applied are reflected in the Funding Impact Statement contained in the Annual Plan 2022-23. The Rating Resolution gives effect to the Funding Impact Statement.

3.4. Council will adopt the rates factors, which means that any changes to the Rating Information Database between adoption of the rates resolution and end of the day 30 June 2022 will not affect the rates factors, however, will affect the total amount of rates collected.

4. Options

4.1. Option 1: Resolve to strike the rates for 2022-23 as proposed.

4.2. Option 2: Undertake further consultation.

4.3. Option 3: Do nothing.

5. Risk Analysis

5.1. Risk has been considered and the following risks have been identified. There is reputational risk from not adopting the rates and striking the rates by the statutory deadline. If the rates resolution is not adopted by the statutory deadline and staff cannot strike the rates, financial risk will be created.

6. Health and Safety

6.1. Health and Safety has been considered and no items have been identified.

7. Significance and Engagement

7.1. The level of significance has been assessed as being low as the decision to strike rates is administrative in that it gives effect to decisions made as a result of the Long Term Plan process.

7.2. Public consultation was undertaken through the Long Term Plan process.

8. Assessment of Options (including Financial Considerations)

8.1. Option 1 – Adopt the rates resolution as proposed and instruct the Chief Executive to strike the rates in accordance with the Annual Plan 2022-23. The decision enables Council to lawfully strike rates.

8.2. There are no financial implications to this option.

8.3. Option 2 – Undertake further consultation would mean that Council does not meet the statutory deadline and may be unable to strike rates. If Council cannot deliver a rates assessment within 14 days of when payment 1 is due LGRA s 50 takes effect and Council may only be able to strike a rate of 25% of the previous year's rates.

8.4. The following financial implications have been identified. This means that Council will be underfunded and cannot meet the levels of service described in the Long Term Plan and subsequent Annual Plan.

8.5. Option 3 – Do nothing is not a viable option. Council would not be able to meet its financial commitments and must strike rates to provide the services as detailed in the Long Term Plan or borrow to fund capital expenditure.

9. Preferred Option(s) and Reasons

9.1. The preferred option is Option 1, Council adopts all of the rates described and quantified in the Rates Resolution and instructs the Chief Executive to strike the rates for the year ended 30 June 2023 in accordance with the Annual Plan 2022-23.

9.2. The reason that Option 1 has been identified as the preferred option is that it enables Council to generate sufficient revenue to carry out its objectives as described in the Long Term Plan 2022-23.

10. Recommendation(s)

10.1. That the report be received.

10.2. That Council adopts all the rates described and quantified in the Rates Resolution 2022-23.

10.3. That Council instructs the Chief Executive to strike the rates for the year ended 30 June 2023 in accordance with the Annual Plan 2022-23.
