IMPROVING DIGITAL CAPABILITY

- Co-working spaces, video-conferencing facilities, and digitally enhanced meeting spaces.
- Digital training, mentoring and business advisory services.
- Space for community enterprises that require digital support.
- Free Wi-Fi for visitors to the hub.

OUTREACH

There are compelling synergies between a facility that could be opened and operated as a digital drop-in and business-training centre and a hub for emergency events management and resilience of communications.

Te Wheke's current base, Fox Glacier's Community Development Office, is also the centre for Civil Defence.
